Prevent Fires and Explosions with **FLAMEX**

FLAMEX® systems can be customized to address the fire hazards inherent in your process:

336.299.2933
 www.sparkdetection.com

Spark Detection & Suppression Systems to eliminate sparks emanating from rotary dryers and hammermills.

Automatic & Manual Deluge Systems for dust collectors, bins and silos.

"Hot Particle" Detectors to detect overheated pellets from pelletizers and coolers.

High Speed Abort Gates and Backdraft Dampers for material handling and clean air ducting.

Let us help you lower risks, increase productivity and comply with regulations.
